Professional Experience

Verizon Consumer Group — Basking Ridge, NJ

Principal Experience Designer / Experience Architect (2024 – Present)

- **Strategic Experience Architecture:** Direct end-to-end design strategy for core mobile value propositions and offerings, translating multi-layered business rules into frictionless cross-channel customer journeys.
- **Design System & Process Governance:** Architected the Strategically Ready Offers (SRO) framework, establishing Figma templates and dynamic offer templates and logic that reduced promotion time-to-market for Verizon perk and plan offers.
- **Cross-Functional Alignment & Stakeholder Leadership:** Facilitate multi-disciplinary workshops with CX, product, pricing, and engineering leaders to resolve technical constraints and align design strategies across digital and retail touchpoints.
- **Mentorship & Practice Development:** Mentor junior and mid-level designers on craft, process, and stakeholder communication to elevate design quality and foster a design-led culture.

Lead Experience Architect / UX Designer (2021 – 2024)

- **Product Strategy & Customer Impact (myPlans):** Led strategic experience architecture for Verizon's flagship "myPlan" refresh, simplifying the "Good-Better-Best" structure to elevate premium tier adoption.
- **Revenue & Margin Optimization:** Coordinated UX strategies for complex perk pricing

restructures (Apple One, Disney, Netflix/Max), preserving high-margin offerings while migrating legacy users to minimize churn.

- **Market Performance Acceleration:** Led CX updates for connected device plans (tablets and smartwatches), directly contributing to tablet premium plan activations performing 3.3% above forecast.
- **Competitive Field Research:** Led competitive "Secret Shopper" audits on competitor upgrade flows, surfacing hidden fees and trade-in frictions to inform Verizon senior leadership on strategic positioning.
- **Regulatory & Compliance Design:** Spearheaded the UX design and cross-platform implementation for FCC-mandated product labels across all mobile and home services.

Senior UX Designer (2016 – 2021)

- Directed customer experience strategies across Verizon business units, optimizing the core digital sales funnel (Learn & Buy) for wireless services.
- Analyzed customer friction points to optimize web and mobile application journeys for 130M+ active users on Verizon.com.
- Created high-fidelity wireframes, interactive prototypes, and user flows in tight collaboration with research, copy, branding, and development teams.

Deloitte Touche Tohmatsu — Princeton, NJ

Senior Business Analyst (2009 – 2016)

- Managed UX requirements and functional design for the Engagement Management System (EMS), serving 80,000 global client service professionals across 32 countries.
- Facilitated usability and user acceptance testing (UAT) sessions to validate application features against user and technical requirements.

User Experience Designer (2000 – 2009)

- Designed enterprise web and desktop software within an SDLC framework, crafting wireframes, process flows, site maps, and component libraries.
- Authored comprehensive help, performance support, and training materials to facilitate global product adoption.
